### City Launches Interactive Budget Consultation Tool

The City of Williams Lake is currently preparing its 2018 budget and 2018-2022 Financial Plan, and encourages residents to provide their feedback by using a new, interactive online budgeting simulator.

This year, in addition to seeking feedback at Council meetings, the City has expanded its public engagement platform by launching this interactive tool. Residents can see how their property tax dollars are planned to be spent and provide valuable input on how they would like to see funds allocated to services and programs in our community.

The interactive online budget simulator can be found on the City's website at <http://williamslake.citizenbudget.com>.

Any questions related to the City's budget can be directed to the Finance Department at 250-392-2311.
