### Public Notice – Water Main Flushing

The City of Williams Lake would like to inform residents that its Utilities Division will be conducting cleaning and flushing of water reservoirs and mains starting October 5, 2020 through October 30, 2020.

Affected areas are South Lakeside, North Lakeside, Mackenzie Avenue from Highway 97 South to the Glendale area, the downtown core up to Comer Street, and the Golf Course. Residents may experience a slight discoloration of their tap water, but running a tap for a short period of time will clear this up.

For more information, please call the City of Williams Lake Utilities Division at 250.392.1785.

We apologize in advance for any inconvenience this may cause.
