Evacuation Order Rescinded for 3 Frizzi Road Properties

On October 31, 2020, an Evacuation Order was placed on three industrial properties on Frizzi Road. The City of Williams Lake's Emergency Operations Centre has been advised that the imminent danger to life and property for these properties has partially diminished at this time, and has rescinded the Order.

The Evacuation Order affects the following properties:

- 4005 Frizzi Road – Lot 10, Plan PGP15181, District Lot 8843, Cariboo Land District;
- 4007 Frizzi Road – Lot 9, Plan PGP15181, District Lot 8843, Cariboo Land District; and
- 4009 Frizzi Road – Lot 8, Plan PGP15181, District Lot 8843, Cariboo Land District

The Emergency Operations Center continues to monitor the situation surrounding the noted properties in partnership with the property owners. The property owners are allowed to return with the understanding that they must remain aware of any hazards, and practice caution while occupying the site. As well, they are advised to restrict access to all persons (including employees and members of public) within 25 meters from the crest of the slope of the subject properties for personal or business purposes.

Due to the possibility of changing conditions, an Evacuation Alert or Order may need to be reissued should the risk to danger of life and property again warrant such action. Property owners will be given as much advance notice as possible should an Evacuation Alert or Order be reissued.
