RESIDENTS URGED TO REDUCE WATER USE DURING SEWER LINE REPAIR

The City of Williams Lake is asking residents in the Glendale and Frizzi Road areas to shift to essential water use.

On Sunday, October 3, further damage caused by the landslide that occurred last week at the Green Acres Mobile Home park has led to a break in one of the sanitary sewer mains.

Residents are urged to keep baths, showers, laundry, dishwashing and even flushing the toilet to a minimum as crews work to remedy the issue. Reducing water use will help to reduce the flow of sewage through the affected pipe.

Residents will be advised as soon as the repairs have been completed.
